

# TRILBOUNDED TRIPS

## COVID-19 WAIVER

COVID-19 is a serious virus with potentially deadly consequences. At Trailbound Trips, we take seriously the safety of you, your fellow-travelers and our staff. We need your help and commitment.

Symptoms of COVID-19 include: Fever ... Fatigue ... Cough ... Difficulty breathing ... Muscle aches and pains ... Stuffy or runny nose ... Sore throat ... Loss of taste or smell

When joining a Trailbound Trips outing, you agree to the following:

1. I understand that Trailbound is doing its best to ensure the safety of the group, staff and others. I will abide by the procedures and recommendations of my guides and Trailbound.
2. I accept that Trailbound cannot guarantee that I will not be exposed to the virus.
3. If I am feeling or showing symptoms of illness and/or COVID-19 before or during my trip, I'll immediately inform Trailbound and will follow their instructions.
4. I agree to follow the policies of hotels, activity providers, transport providers, and restaurants to help keep everyone safe.
5. I will practice good hand hygiene and will wear a mask if asked to.
6. I accept that if the guide determines I may be ill, I'll be put into isolation until I can be safely transported to a place for testing. I accept that this may mean not participating in the remainder of my trip and being responsible for travel expenses and any other costs associated with isolation measures after leaving the trip, such as hotel rooms, meals, and car rentals.
7. I accept the implications if the guide determines that someone in my Trailbound travel group may be ill: the trip may be cut short for the entire group; this may mean not participating in the remainder of my trip, incurring travel expenses and being responsible for any other costs associated with isolation measures after leaving the trip, such as hotel rooms, meals, and car rentals.
8. If I show symptoms or am diagnosed with COVID-19 up to 14 days after my trip, I will contact Trailbound as soon as possible so that those I came into contact with can be notified to obtain testing and go into precautionary self-isolation.

\* There are certain unavoidable risks to people and property associated with expedition travel, including, among others, traveling with other people and illness or disease caused by exposure to bacteria, pathogens, and viruses, including the coronavirus that causes COVID-19, despite screening and testing and other steps taken by Trailbound and passengers in response to these risks. Trailbound Trips shall not be liable for any claims, demands, and/or damages arising from or relating to any exposure to the coronavirus and/or the contraction of any illness or disease as a result of any such exposure, including but not limited to COVID-19, by passenger or any other person, including claims and damages due or allegedly due to inaccurate test results (including possible false negative test results) and/or the negligence of any Independent Contractor providing any medical screening or testing services, laboratory services, medical evaluation, diagnosis, treatment, advice, and/or recommendations, or any supplies and services for sanitation purposes.
